Cochin, India

## Professional Profile

Ambitious M.Sc. Marine Geophysics student with a strong foundation in Physics. Passionate about understanding Earth's deep processes through Geomagnetism and Solid Earth dynamics. Seeking to leverage computational skills in Python, MATLAB, and GMT to contribute to high-impact research at premier institutes like IIG Mumbai.

## Education

M.Sc. Marine Geophysics 2025 - Present  
Cochin University of Science and Technology (CUSAT)  
B.Sc. Physics 2021 - 2024  
Assumption College (Autonomous)

## Technical Skills

**Languages:** Python, C++, MATLAB, R  
**Tools:** GMT, QGIS, ArcGIS

## Research Interests

### Geomagnetism

Analysis of secular variations and understanding crust-core magnetic interactions.

### Marine Geophysics

Morphological studies of ocean floor and sedimentary basin analysis.

### Solid Earth Processes

Computational modeling of geodynamic processes.

### Seismology

Earthquake data processing and source mechanism studies.

## Languages

English, Malayalam (Native), Hindi, French (Basic)
